

GUIDE TO CUSTOMISING YOUR BOOKING FORM

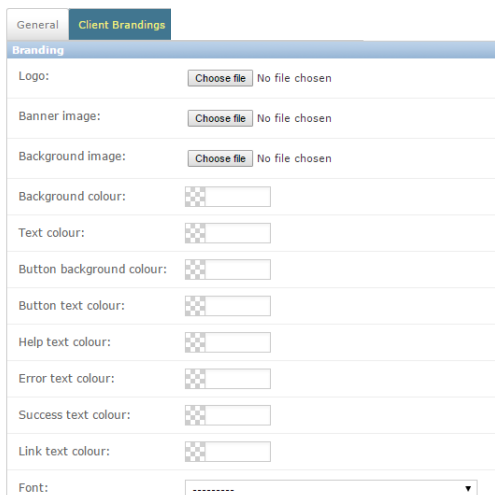

It is important to keep the booking experience fluid for your supporters. That is why we offer our clients the facility to customise our standard Discover Adventure booking form to your branding requirements.

HOW TO

1) LOGIN – You should have received login information from your Account Manager

2) FROM YOUR HOMEPAGE, CLICK 'EDIT BRANDING'

3) UPLOAD YOUR LOGO AND BANNER IMAGE:

Click 'choose file' and select the image you wish to use.

Please ensure your **banner image** is sized to **1197(w) by 285(h) pixels** and in Jpeg format. This area is ideal for specific imagery or branding associated with your challenge event (see example over page).

You can also upload your logo. This must be a maximum of **200 x200 pixels** and in **Jpeg** format.

We strongly recommend that you upload a logo and if you have chosen to add a banner image that this differs from your logo.

4) CHOOSE YOUR FONT & BACKGROUND COLOURS

Choosing the colour selector against any of the customisation settings will show you a palette (see right).

Once you have clicked an area of colour you will see a box where you can enter the colour hash code.

You can also edit the font so this also adheres to your brand guidelines. Changing this will alter the font used on the entire form.

5) SELECT YOUR FONT TYPE

The drop down list displays all fonts that can be reliably displayed across web browsers, so whilst every effort has been made to include all of the most commonly used fonts, you may need to discuss the use of alternative fonts with your branding department should your internally specified font not be present on the list.

6) CHECK, SAVE & COMPLETE

Please check the settings you have entered to ensure they are correct. Once complete you will see a screen similar to that illustrated below.

Press 'save' before leaving the branding area or your changes will be lost.

Branding	
Logo:	Currently: client-logos/H4H_Logo.png <input type="checkbox"/> Clear Change: <input type="button" value="Choose file"/> No file chosen
Banner image:	Currently: client-banner-images/Help_for_Heroes_logo.jpg <input type="checkbox"/> Clear Change: <input type="button" value="Choose file"/> No file chosen
